

Grupo de Estudos Maitreya (GEM), Lisbon, Portugal

2019 Festival Week of NGWS

The gathering was amazing! We saw that the NGWS is Maitreya's Energy in action. Love energy was always present in Its multiple colours. The connection was strong. It was and still is a deep communion. Like a chain, interconnected, the Union was felt, and Joy too. Real and verily visible group work within the great Family.

We felt really blessed for having had the opportunity to celebrate such an important moment for each one of us and for the whole humanity. We enjoyed some fantastic two hours together, in an environment of pure delight. We all did meditations, repeated mantras, listened to music and poetry, heard about astrology, we had Tibetan bowls, everything bringing the Light of the Spiritual Hierarchy closer to Earth, in order to contribute to a better world. There are no words... only Love!

The final synthesis can be: GEM, as a group disciple, conveying an overt and great at-one-ment, is a divine musical instrument, and when finely attuned plays the essence of the divine Plan.
